NRO REVIEW COMPLETED

6 March 1965

MEMORANDUM

SUBJECT: NRO

1. Attached are six charts and a memorandum which were used in the discussions with Mr. Vance starting at 10 a.m. today.
2. Chart I was prepared by Dr. McMillan and, I believe, was at least briefly seen by Mr. McCone. The memorandum referred to above comments on this chart.
3. The other five charts, II to VI, were prepared by CIA in accordance with Mr. Vance's wishes, and Chart II sets forth the NRO assets as CIA views them, and this chart is followed by overlay III which shows the current interaction of the assets set forth in Chart II.
4. Chart IV is an overlay to Chart II showing the procedures and interactions in the performance of satellite reconnaissance missions.
5. Chart V is an overlay to Chart II which shows the interactions which take place for manned aircraft reconnaissance missions.
6. Chart VI has been prepared as a proposed solution to the NRP.
7. The memorandum referred to above deals in part at least with each of the charts referred to above.
